APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 35147 is issued subject to the terms and conditions imposed in said Permit 35147 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This temporary Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The issuance of this temporary permit reduces the portion of Permits 35147 through 35152 inclusive in the name of Robert V., Harry P. and Violet M. Callahan to 77.6 acre feet annually (25.29 million gallons annually).

The total combined duty of water under Permits 55172-T and 55173-T shall not exceed 236 acre feet annually. CONTINUED ON PAGE 2

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed..... 0.488.....cubic feet per second, but not to exceed 236 acre feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before.....

Proof of completion of work shall be filed before.....

Application of water to beneficial use shall be made on or before.....

Proof of the application of water to beneficial use shall be filed on or before.....

Map in support of proof of beneficial use shall be filed on or before.....

Completion of work filed.....

Proof of beneficial use filed.....

Cultural map filed.....

Certificate No. Issued.....

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.
State Engineer of Nevada, have hereunto set my hand and the seal of my

office, this 17th day of September,

(PERMIT TERMS CONTINUED)

A monthly report shall be submitted to the State Engineer within 10 days from the end of each month which shall include the amount of water pumped from each well, the amount of water used and any water level measurements taken.

All data collected on the effect of pumping this well on existing rights will be used to evaluate any application to change to move permanently to this well location.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on September 16, 1991 at which time all rights herein granted shall revert to the right being changed by this temporary permit.
